We work with 2 different strip sizes.

As you can see the spikes for the outside of the curves are bigger than for the inside of the curves. The strip size for both outside and inside spikes is always $4\frac{1}{2}$ " by approximately 44". But we must sub cut these strips for the outside spikes into pieces of 3 " x $4\frac{1}{2}$ " and for the inside spikes $2\frac{1}{2}$ " x $4\frac{1}{2}$ ".

But the sizes of the fabric pieces are larger than necessary. **Use them carefully to make two spikes from each piece.** After making the first spike, put the remnant aside, but keep them in the right order. We will finish the first New York beauty Arch, but once that is done, we will need all those leftover pieces to make the second New York beauty Arch. For the third and fourth New York beauty Arch, Part A, you repeat the steps as described above

Fabric and cutting chart for the New York beauty Arches A, AA, F, and J

Note: The text in RED is correct

Step 1	Place the first fabrics 1, 7, 8, 9 & 10 exactly on top of each other. Cut 1 strip, $4\frac{1}{2}$ " x 44".
	Cut from each of the 5 fabrics: 12 pieces of: 3 " x $4\frac{1}{2}$ ".
	Place the first fabrics 1, 7, 8, 9 & 10 exactly on top of each other. Cut 1 strip, $4\frac{1}{2}$ " x 44".
	Cut from each of the 5 fabrics: 16 pieces of: 3 " x $4\frac{1}{2}$ ".
Step 2	Place the next fabrics: 2, 3, 4, 5 & 6 exactly on top of each other. Cut 2 strips of $4\frac{1}{2}$ " x 44".
	Cut from each of the 5 fabrics: 16 pieces: 3 " x $4\frac{1}{2}$ ". Cut 14 pieces from the first strip and 2 pieces from the second strip.
	Place the next fabrics: 2, 3, 4, 5 & 6 exactly on top of each other. Cut 2 strips of $4\frac{1}{2}$ " x 44".
	Cut from each of the 5 fabrics: 20 pieces: 3 " x $4\frac{1}{2}$ ". Cut 14 pieces from the first strip and 6 pieces from the second strip.

Step 3	Place the next fabrics: 11, 18, 19 & 20 exactly on top of each other. Cut 1 strip of $4\frac{1}{2}$ " x 44".
	Cut from each of the 4 fabrics: 16 pieces of: $2\frac{1}{2}$ " x $4\frac{1}{2}$ ". Put the pieces in the right zip lock bags.
	Place the next fabrics: 11, 18, 19 & 20 exactly on top of each other. Cut 2 strips of $4\frac{1}{2}$ " x 44".
	Cut from each of the 4 fabrics: 16 pieces of: $2\frac{1}{2}$ " x $4\frac{1}{2}$ " from the first strip and 4 pieces from the second strip. Put the pieces in the right zip lock bags.
Step 4	Place the next fabrics: 12, 13, 14, 15 & 16 exactly on top of each other. Cut 1 strip of $4\frac{1}{2}$ " x 44".
	Cut from each of the 5 fabrics: 12 pieces of: $2\frac{1}{2}$ " x $4\frac{1}{2}$ ".
	Place the next fabrics: 12, 13, 14, 15 & 16 exactly on top of each other. Cut 1 strip of $4\frac{1}{2}$ " x 44".
	Cut from each of the 5 fabrics: 16 pieces of: $2\frac{1}{2}$ " x $4\frac{1}{2}$ ".
Step 5	We have 2 fabrics left: fabric 17 and 21. Cut from both fabrics 1 strip of $4\frac{1}{2}$ " x 44". Cut from fabric 17: 14 pieces and from fabric 21: 10 pieces of $2\frac{1}{2}$ " x $4\frac{1}{2}$ ".
	We have 2 fabrics left: fabric 17 and 21. Cut from both fabrics 1 strip of $4\frac{1}{2}$ " x 44". Cut from fabric 17: 18 pieces and from fabric 21: 12 pieces of $2\frac{1}{2}$ " x $4\frac{1}{2}$ ".
